"DRY-TAB THERAPY" Eventually Allows **BED-WETTING Victims to Function** Normally Without Further Medication

DRY-TABS, in most cases, does not offer merely temporary stopping of BED-WETTING. In case after case, as revealed in clinical tests conducted in hospitals by medical scientists. the DRY-TABS formula proved itself to be a tablet that gives direct support to the patient in controlling his BED-WETTING. The benefits of the DRY-TABS formula may be expected to be effective beyond the period when it is taken regularly. It helps the BED-WETTING victim to retrain, tends to increase strength of sphincter and detrusor muscles controlling urination. Many cases have discontinued the use of DRY-TABS after a short time and found they were functioning normally. So BED-WETTING victims do not have to be slaves to any kind of medication if their case is of the type that responds to the re-training power of DRY-TABS. This is probably one of the greatest advancements ever made in BED-WETTING therapy. Yes, once DRY-TABS stops BED-WETTING, its use may no longer be required, normal functioning and control may be developed almost miraculously. So don't hesitate a minute longer. Order DRY-TABS Today!

Now! The Amazing Facts about BALDNESS

AND WHAT YOU CAN DO ABOUT IT

The following facts are brought to the attention of the public because of a widespread belief that nothing can be done about hair loss. This belief has no basis in medical fact. Worse, it has condemned many men and women to needless baldness by their neglect to treat certain accepted causes of hair loss.

There are six principal types of hair loss, or alopecia, as it is known in medical terms:

- 1. Alopecia from diseases of the scalp
- 2. Alopecia from other diseases or from an improper functioning of the body
- 3. Alopecia of the aged (senile baldness)
- 4. Alopecia areata (loss of hair in patches) 5. Alopecia of the young (premature baldness)
- 6. Alopecia at birth (congenital baldness)

Senile, premature and congenital alopecia cannot be helped by anything now known to modern science. Alopecia from improper functioning of the body requires the advice and treatment of your family physician

BUT MANY MEDICAL AUTHORITIES NOW BELIEVE A SPECIFIC SCALP DISEASE IS THE MOST COMMON CAUSE OF HAIR LOSS.

This disease is called Seborrhea and can be broadly classified into two clinical forms with the following symptoms:

- 1. DRY SEBORRHEA: The hair is dry, lifeless, and without gloss. A dry flaky dandruff is usually present with accompanying itchi ness. Hair loss is considerable and increases with the progress of this disease.
- 2. OILY SEBORRHEA: The hair and scalp are oily and greasy. The hair is slightly sticky to the touch and has a tendency to mat tomether. Dandruff takes the form of head scales. Scalp is usually itchy. Hair loss is severe with baldness as the end result.

Many doctors agree that to NEGLECT these symptoms of DRY and OILY SEBORRHEA is to INVITE BALDNESS.

Seborrhea is believed to be caused by three . germ organisms - staphylococcus albus, pityrosporum ovale, and acnes bacillus.

These germs attack the sebaceous gland causing an abnormal working of this fat

gland. The hair follicle, completely surrounded by the enlarged diseased sebaceous gland, then begins to atrophy. The hair produced becomes smaller and smaller until the hair follicle dies. Baldness is the inevitable result. (See illustration.)

But seborrhea can be controlled, particularly in its early stages. The three germ organisms believed to cause seborrhea, can and should be eliminated before they destroy your normal hair growth.

A post-war development, Comate Medicinal Formula kills these three germ organisms on contact. Proof of Comate's germ-killing properties has been demonstrated in laboratory tests recently conducted by one of the leading testing laboratories in America. (Complete report on file and copies are available on request.)

When used as directed, Comate Medicinal Formula controls seborrhea-stimulates the flow of blood to the scalp-helps stop scalp itch and burn-improves the appearance of your hair and scalp-helps STOP HAIR LOSS due to seborrhea. Your hair looks more attractive and alive.

You may safely follow the example of thousands who first were skeptical, then curious, and finally decided to avail themselves of Comate Medicinal Formula.

DESTRUCTION OF HAIR FOLLICLES Caused By Seborrhea

BUT HE WOULDN'T TAKE IT --THEY COULDN'T MAKE HIM!

THEN IT WAS MORNING -- AND THE COLD WAS PUNCTUATED BY THE SHARP STACCATO OF A HUNDRED BOMBER ENGINES REVVING UP! CURTIS STOOD ON THE LINE AND LISTENED TO THE STEADY ROAR OF THE BUCKET'S FOUR ENGINES - HE TENSED AS NO.Z SPUTTERED ONCE THEN HE GRINNED AS THE STEADY PURR CAUGHT

AND HELD ---

THE PILOT CUT THE ENGINES AND MOTIONED TO CURTIS - YOUNG KID, BUT HE KNEW
HOW TO FLY -- BUT HED BETTER TAKE
CARE OF THE BUCKET!

THINK THIS WRECK
WILL HOLD TOGETHER!

NUMBER 2, SIR -THAT'S ALL YOU
HAVE TO WORRY
ABOUT!

THEN THE FLARE WAS BURSTING ACROSS
THE MORNING SKY AND IT WAS TAKE-OFF TIME!
THE HEAVY BOMBER TRUNDLED TO THE
RUNWAY - POISED - AND THEN ROARED
DOWN THE CONCRETE STRIP INTO THE
SKY - SHE WAS AIRBORNE!

CURTIS WATCHED THEM AS THEY DEELED INTO FORMATION - AND THEN THEY WERE HEADED TOWARD THE ENGLISH CHANNEL -- TOWARD GERMANY - TOWARD THEIR TARGET!

AND THEN THE WHINING VOICE CAME THROUGH THE SPEAKER AND AS ONE THE MEN IN THE ROOM TENSED --

'EM COVERED -- MORE AT FIVE

O'CLOCK -- NATCH EM, TAIL

WE'RE ON THE BOMB RUN - KEEP

THIS SHIP STRAIGHT AND LEVEL!

AND BACK IN THE OPERATIONS ROOM THE TENSE FACES RELAXED AND BROKE INTO BROAD GRINS AND BACKS WERE POUNDED IN CONGRATULATION! BUT NOT CURTIS --HE WAS WORRYING ABOUT THAT NO. 2 ENGINE -- AND SWEATING OUT THE BUCKET! HE LEFT THE ROOM AND HEADED BACK TO THE FLIGHT LINE! THEY'D BE COMING HOME SOON- HE WANTED TO BE THERE TO GREET HIS BABY!

THE HOURS PASSED AND THE BRIGHT SUNLIGHT TURNED INTO THE GATHERING DUSK .. BUT STILL NO TINY DOTS IN THE EASTERN SKY! WHERE WERE THEY -- WHAT HAD HAPPENED TO THEM --WHAT WAS KEEPING THEM -- WAS IT THAT COLD FRONT OVER FRANCE --OR WAS IT --AND THEN SUDDENLY-

-- A MUFFLED ROAR - WHICH GREW AND GREW -- THEY WERE HOME! EAGERLY HE SCANNED THE SKY -- 12-13-16-19 --WHERE WERE THE REST OF THEM 2

HE WATCHED THEM COME IN FOR THEIR LANDINGS,
THEIR TIRES LEAVING BLACK SCARS ON THE STONE
RUNWAY -- AND THEN THEY IDLED TO THEIR REBUTTMENTS AND CUT THEIR ENGINES -- ONE BY
ONE -- UNTIL ALL WAS SILENT -- AND STILL
NO BUCKET!

CURTISSAT ON AN OVERTURNED AMMO CAN SCANNING THE SKY - THE DOUBTS BEGAN TO CREEP INTO HIS MIND - MAYBE THEY WERE RIGHT -- THE BUCKET WAS TOO OLD FOR COMBAT - SHE SHOULD HAVE BEEN RETIRED - NOW IT WAS TOO LATE --

NOW SHE WAS A CHARRED, BURNING HULK THAT WOULD ROT ON SOME FOREIGN BATTLE FIELD - THE SUN HAD OROPPED BELOW THE TREES, AND DARKNESS BEGAN TO SETTLE OVER THE STATION-AND STILL HE SAT - HOPING, PRAYING -- AND SWEATING - AND KNOWING IT WAS USELESS!

MIDNIGHT NOW! THEN A HAND SETTLED ON HIS SHOULDER AND SOMEONE SAT BESIDE HIM --THE GENERAL --

GOOD NEWS, CHIEF! OF COURSE YOUR PILOT JUST CALLED FROM AN-SHE OTHER FIELD - HAD MADE TO SET DOWN THERE-IT --THEY COUNTED OVER SHE'LL A HUNDRED FLAK ALWAYS HOLES IN THE MAKE BUCKET AND SHE LOST AN ENGINE -he never thought SHE'D MAKE IT! BUT SHE DID!

THE SWEATING WAS OVER NOW .- THE BASE WAS ALIVE - TWE BUCKET WAS OKAY!
THEY'D BRING HER BACK HOME AND HE'D PATCH HER UP AND SHE'D GO OUT AGAIN...
AND AGAIN -- AND HE'D KEEP SWEATING HER OUT! BUT THAT WAS ALL FORGOTTEN ... SHE WAS OKAY, AND THAT WAS ALL THAT MATTERED!

SAGA OF STEEL

TT STARTED at a junk heap in New Jersey. Hundreds of old automobile frames lay in the hot sun waiting as the pile-driving machines pounded them into huge chunks of steel. Then to waiting railroad cars where they were deposited and then shunted on the second step of their journey to a smelter somewhere near Pittsburgh. A few days later the process was completed and the long sheets of steel made their next journey . . . a factory in Detroit. There the sheets were poured, moulded and riveted. Workmen climbed over the squat forms and put the finishing touches to the product. An Army driver clamored inside, worked the gears, and put her through her paces. She was pronounced okay. Another tank was ready for the Army.

A few weeks later a freighter docked at Pusan in Korea. Several hours later she was unloaded and headed back toward the open sea. Four GIs ambled on to the dock and took a look at what had been unloaded.

"Pretty neat looking job, Sarge."

"Yeah, she must be one of the newest models."

"Sure, look at that gun . . . it's a 90mm.

Don't see many of them around."

"Well, let's stop talkin' about her and see how she operates."

The four men climbed aboard the metal monster, listened with a grin as the motor purred like a kitten, and then headed her off the dock toward the front lines.

A few hours later the tank ground to a halt at the tank company's bivouac area behind the lines. The four men jumped to the ground with deep grins on their faces.

"She'll do."

"Plenty good. She's got what it takes."

An officer came over to the four men who were still grouped around their new tank.

They came to attention as he addressed them.

"At ease, men. How is she, Sarge?"

"Best I've seen so far. These Walker jobs are okay."

"Good enough to take her out right away?"

The sergeant's eyes blazed with anticipation. "You bet, Sir. What's the deal?"

"Not much, just a routine patrol up toward Chen-yu. Take it easy though and come right back if you run into any trouble. We just want to know if you run into anything up that way. Give yourself about four hours and then call it a day."

The four men saluted, then wheeled and trotted to the tank. They grinned and patted each other on their backs as they clamored into position. A few moments later the tank trundled out of line and made her way to the edge of the company's positions. Other tankers watched them until the heavy dust hid them from view. The tankers shrugged and then went back to work on their own monsters.

"See anything, Sarge?"

"Nope, not a thing. Too quiet for me though, better get ready for something."

The tank clanged its way down the dusty road that could only be located by saying it was somewhere in "No Man's Land." "Road block up ahead!"

The tank ground to a halt as she neared the pile of lumber. Uneasy apprehension gripped the four men as they waited for the next move.

TTSSSIINNGGG!

The bullet ricocheted off the steel sides and then reverberated throughout the insides of the tank. The sergeant dropped down from his observors post slamming the metal cover as he dropped among the men.

"Must be a patrol. They're dug in behind that road block!"

"What do we do, turn and run? That's what the Lieutenant said."

"Never mind that, we can take these guys easy. Just pour some coal to this heap and bust it through the blockade. Keep those machine guns working . . . it'll keep 'em busy!"

The men grinned and then went to work.

This was their business . . . and they knew it well.

The metal monster gathered momentum as it picked up speed. The enemy crouched behind the barrier firing at the tank as it headed toward them. Then they leaped to their feet in terror as they realized what was happening. Many of them fell before the machine gun fire and the rest were mopped up as the heavy steel frame bolted through the wooded blockade. It was like a knife going through matches. In a few moments the skirmish was over. The men inside the tank grinned at each other.

"Come on, let's get out of here . . . the" might have some friends hanging around!" The tank headed down the road churning up dust as it moseyed along.

About a mile up the road a piece of metal glinted in the afternoon sun. Just a small piece, the rest of it lay covered by the gray dirt of the countryside. It sat there, small, hot from the rays of the sun . . . waiting . . . waiting . . . waiting . . .

"See anything up ahead, Sarge?"

"Nope, not a thing. We'll go up to that bend then turn around and head back to the area."

The tank neared the small piece of metal ... came closer and closer ... and finally one of the treads made the contact jarring the fuse.

KAAABLAAAM!

The explosion rocked the tank as the mine went off. The tank shuddered to a halt and then seemed to settle into the ground. Flames licked at the steel frame nibbling at the exits. Finally a tongue lashed against the ammunition and another explosion splattered the frame.

Days later a salvage crew poked at the wreckage.

"Nothing we can do, better send it back."

"Yeah, it's just a waste leaving it here."

A huge crane was moved into position and lifted the steel hulk onto a truck. The truck backed off then turned and headed toward the port of Pusan. A while later the wreck was aboard a freighter. It was headed back toward the United States. There it would be repounded, remoulded and reshaped... into another steel monster. Thus ended the tale of a tank.
